About Institute

Dhule Charitable Society established in 1901 and founded by Late. Anasahb Kamalabai Ajmera, Ex. Minister Maharashtra State. Dhule Charitable Society has more than 100 years legacy in educational field. The DCS group of institution specialised in providing comprehensive teaching - learning facilities. In a wide spectrum, DCS's A.R.A. College of Pharmacy established in 1994 and our campus is sprawled in a well place 20 acres land. The campus nature is self sufficient for production of better quality students as per market demand.

Vision

Reaching towards preeminence in education by providing quality teaching and learning aspects with effective application of advance technologies to device and integrated framework that contains all the aspects of pharmaceutical education and research to develop an ideal pharmacist to serve humanity better than the best.

Mission

- To impart high degree of excellent in pharmacy education to cater the evolving need of the students, industries and the society at large.
- To create and evaluate innovative pharmacy practice to support pharmaceutical research to optimize quality of medication, cost effectiveness and healthcare.
- To stimulate an exceptional community of students, faculty and staff.
- To attain personal and professional growth and success.

About Conference

The Conference will highlight on various current advancements of standardization, techniques, and stability studies in herbal drug formulation which is the need of to "Make India the Power House in Pharma". Indian traditional medicinal systems and folk medicine are a vast assembly of herbal formulations and medicinal plants and this is expected to continue at an impressive growth rate in the future. In the last few decades, the popularity as well as use of herbal medicines or herbal products has increased in worldwide. It is not only as the part of conventional treatment phenomenon but also for management of health care and thus it is opportunity to promote Indian traditional medicine is now increasing globally. A large number of current modern medicines are derived from the herbal or medicinal plants which are used in Ayurveda and other traditional medicinal systems. Herbal drug formulations are having capable of addressing some modern medical needs and they can provide the basis for developing potential medicines.

Expected Output/Benefits

It will provide an opportunity to pharmacy students, academicians and all the participants to improve technical, academic and research skills relevant to the area of herbal formulation and development. The participants will achieve

academic improvement and professional excellence in the field of this area. The effectiveness and acceptability of the herbal drug formulation. Stability studies of herbal drug formulations are important to establish specifications to maintain its identity, quality and purity throughout the expiration dating periods. The aim of conference is to gather expertise from Academic, Research Labs and Industry to provide their valuable understanding on design and development of Herbal Drug formulation. The aim of conference is also to throw focus on safety and use of Herbal Drug formulation.

Who can Participate

Delegates from academics, research, industry and students and faculty from Recognised Universities and AICTE approved institutions are welcome to attend the National conference.

Resource Person

Eminent personalities from Industries and Academics are invited as resource person to interact with budding scientist in the field of Pharmaceutical Sciences.
